Postgraduate Diploma in Professional Practice

Focus on learning research methods for health and social practice and apply them in an area of your choice. Gain specialist knowledge and leadership skills to work in inter-professional teams. Focus on the delivery of quality services to diverse people and communities. You may gain credits towards Master’s study.

What you will learn

- Advance your skills in health and social practice
- Choose an interdisciplinary qualification
- There’s a focus on diversity, inter-professionalism, education and leadership
- Apply your study and research to what you’re already doing
- Most of your study will be online so you can do the qualification from anywhere

Programme overview

The postgraduate certificate is a 120 credit programme. You’ll complete two compulsory courses (60 credits) then choose a further 60 credits from the elective course.

Compulsory courses

- Research methods for health and social practices
- Advancing professional practice (30 credit)

Electives - choose 60 credits

- Diversity in professional practice (30 credit)
- Professional education practice (30 credit)
- Professional leadership practice (30 credit)
- Clinical topic (15 credit)
- Simulation practice (15 credit)
