

Postgraduate Health and Social

‘I’ve never known there to be a specific postgrad programme focussed on Pacific health and clinical leadership. Both of those things spoke to my heart straight away.’

Anoushka

 Postgraduate Health

 Registered Nurse

Registered Nurse Anoushka Alo began her nursing career over ten years ago. After working in Gynaecology for five years, Anoushka decided it was time to expand her learning and enrolled in the Postgraduate Certificate in Specialty Care, specialising in Pacific Health and Clinical Leadership at Whitireia. What Anoushka learned now helps her every day in her work with Pacific communities.

Inspired to make a change

Anoushka was inspired to get into healthcare after her mother was diagnosed with cancer. Accompanying her to appointments, she saw what it was like to go through the system as a Pacific woman and felt there needed to be change.

“Visiting the hospital so much with Mum, I saw all the needs and the barriers to healthcare for Pacific and vulnerable populations. I wanted to be a part of that change; I know that Pacific clients need to be supported in specific ways.”

Learning about Pacific Health

While she was working, Anoushka started the Postgraduate Certificate in Specialty Care, specialising in Pacific Health and Clinical Leadership at Whitireia and WelTec.

“I chose Whitireia because they were the only ones I knew of that had that programme. I’ve never known there to be a specific postgrad programme focussed on Pacific health and clinical leadership. Both of those things spoke to my heart straight away.”

Anoushka loved how comprehensive the course was, and how it dove into so many different Pacific cultures and their different health models.

Finding connections through study

Guest speakers were common in Anoushka’s classes, but it wasn’t just the speakers that offered an insight into different areas of work in Pacific health. Her fellow class members also came from many areas of the health industry, which allowed them to share their stories and connect.

Supporting Pacific Health in the Hutt Valley

Anoushka now works for two organisations – Pacific Health Services Hutt Valley, and Net Pacific and Pakeha.

“Being Samoan, it was always my goal to work with Pacific communities. It’s the community I know, it’s my background, it’s the values I live every day. And so, fusing how I live every day into my work was a no-brainer.”
